

Impact Rated Safety Glasses RSG01

RYOBI

- Tough polycarbonate lenses are rated Class F impact-resistant to protect eyes from small objects traveling up to 45m per second
- Purposely engineered with an anti-fog design and adjustable rubber nose frame which flexes separately from the lens for better fit and airflow to reduce moisture build-up
- Designed to absorb 99.9% of harmful UV light
- Certified EN 166 (personal eye protection) and EN 170 (UV filters)
