# Highlights

## In-line mic and pick up button

In-line mic and pick up button for easy conversation

## Re-engineered 8.6-mm drivers

Re-engineered 8.6-mm drivers for responsive deep bass

## High-resolution audio

High-resolution audio offers the best in audio performance, reproducing original studio master recordings more faithfully than 16 bit/44.1 kHz CD formats. This uncompromising quality makes high-resolution audio the best sound companion for the music lover. Fidelio headphones meet the stringent standards required for the Hi-Res Audio stamp of quality. Whether you are enjoying your Hi-Res collection or a more traditional music source, the smooth extended high frequencies of the Fidelio headphone range help you get more from your music.

## 3 ear cap sizes

Ear caps come in a choice of 3 sizes – small, medium and large – for a personalised and perfect fit.

## Passive noise isolation

The perfect, snug fit inside your ear stops unwanted background noise detracting from the pure pleasure of your favourite music. This means you still enjoy the headphones' superb sound quality at lower volume settings and also benefit from a longer battery life.

## Sleek ergonomic design

Sleek ergonomic design that fits securely and comfortably

## Vacuum metallisation finishing
