Type-C

6-in-1 USB 3.1 Gen 2 Type-C Hub

HUB5C

Transcend's 6-in-1 USB Type-C Hub HUB5C comes with a reversible USB Type-C connector equipped with the USB 3.1 Gen 2 interface to allow for amazing data transfer rates, a perfect complement to your new Type-C mobile, tablet, laptop, iPad Pro 2018, or MacBook. Characterized by its easy expansion and plug-and-play functionality, the slim and lightweight Type-C hub boosts your work productivity without adding any burden. You can connect peripherals such as mice, keyboards, USB flash drives, external hard drives or portable SSDs, or take out the SD or microSD card as soon as you finish taking a photoshoot and read files directly from your laptop or mobile devices. Two Type-C ports allow you to charge your devices and transfer data at the same time, making everything twice as easy!

USB Type-C Port for PD Charger (Power Input Only)

60W

6-in-1 expansion

Transcend's 6-in-1 USB Type-C Hub expands the capabilities of your new Type-C mobile, tablet, laptop, MacBook or iPad Pro 2018, featuring two USB-C ports for speedy pass-through charging and data transfer respectively, two USB-A ports, an SD card slot, and a microSD card slot. It is the first in the market to utilize the USB 3.1 Gen 2 interface in a Type-C connector, allowing for up to 10Gb/s amazing transfer rates.

USB Power Delivery for 60W pass-through charging

The HUB5C comes with another Type-C port* for 60W USB PD (Power Delivery) pass-through charging. You can connect your laptop manufacturer's charger to the port, or use a power bank that supports USB PD.

*For charger only. The port does not support power output or data transfer.

A hassle-free complement to fit neatly anywhere

The HUB5C is so slim, lightweight, and portable that you can easily carry it around with you with no fear of its adding any extra burden, ideal for business and for leisure.

6-in-1 USB 3.1 Gen 2 Type-C Hub
