Features :**Technical Specs :**

- Тип установки : Аксессуар
- Глубина, мм. : 420
- Ширина, мм : 330
- Продуктовый код : 9029794246

Product Description :

Prevent floodings with this Safety System water inlet hose. A stop valve reacts to contact with water and stops the flow in the event of a leak. A small window turns red indicating when the hose needs to be replaced. Straight-to-hooked connector and mesh filter, with Max pressure of 60 bar and 90°C. IMQ, VDE and WRAS certified. Dimensions: 1.5 m, diameter 3/4", Ø 20/27 mm
